## Planeo 60 Pro Comfort Sliding Door System

Manual Sliding Door System with running rails sliding invisibly in the profile. Can be used for 1 or 2 leaf sliding glass doors. Glass panes are securely clamped and do not require any special preparation. The soft closing operation gently guides the doors into their end position and holds them there. This system is prepared for installation to the wall and can be easily installed by frontal attachment of the door.

Tested in accordance with DIN EN 1527:2013

What makes this kit so great? No pre drilling of glass is required.. The glass is all held by clamps!!
